

ACT NOW !

Over time, Helen O'Grady Drama classes will help young people to develop skills they need in everyday life. We can help Children and young people to;

- * speak and move confidently
- * feel good about themselves
- * meet new friends
- * listen to each other
- * act in plays
- * improve English languages skills
- * discuss everyday challenges
- * be part of a team

As well as all this, they'll have a great time and a laugh with their friends at an affordable price.
