

## KEY DATES

Thursday 31<sup>st</sup> January Year 3 Liturgy 8:40 am

Tuesday 12<sup>th</sup>/Wednesday 13<sup>th</sup>  
Year 3 Parents Evening

# Year 3

## Spring Term

# Spring 2019

## English

This term the children will be studying a range of high quality texts linked to the theme for this term. The class guided reading book will be 'The Time Travelling Cat'. We will study report writing by creating an Egyptian Travel Guide. We will also look at instructional and newspaper writing based on our topic of Ancient Egypt. We will also write poems about animals.

## RE

RE teaching follows the Catholic/Christian ethos and values broadly in line with the church liturgical year. Which will include Feasts of Christmas, Revelation, Sacraments, Lent and Easter. Children learn about religious stories and make links between beliefs and actions.

## Maths

We will be learning to add and subtract  $\frac{1}{10}$  /  $\frac{1}{100}$  to any number. We will learn the 8 times table and revise our individual target tables. We will learn how to add and subtract numbers using a written method.

We will also cover the bus stop method to divide. We will revise and learn new facts about 2D and 3D shapes in different orientations. We will measure, compare, add and subtract length to the nearest 5m/1m. We will also learn to tell and write time using Roman numerals.

## Humanities

Identify key places in Ancient Egypt. Use atlases and map work. Contrast climate and landscapes to our own

An overview of where and when the first civilisations appeared and a depth study of Ancient Egyptians and their Pharos and the Egyptologists.

## Art/DT

We are going to make our own papyrus style paper and create Egyptian hieroglyphs. Mixed media Egyptian portraits.

## French

We will revise numbers and general greetings. We will learn the names of some foods and how to order in café.

## Science

We will learn how to identify that animals, including humans, need the right types and amount of nutrition, and that get nutrition from what they eat. We will also identify that humans and some other animals have skeletons and muscles for support, protection and movement.

## Music

We will be learning to sing and respond to a variety of topic related songs through all our musical activities to highlight the importance of a regular beat in music. Children will use instruments or their own voices to produce layers of sound.

## PE

We will build dance skills, ideas and fitness and then rehearse for the Freshwater Dance Festival.

## Computing.

We will be using the Lightbot to debug programs, use to sequence, select, and repeat in programs; work with variables and various forms of input and output. We will also use logical reasoning to explain simple algorithms.

## Seal

We will be setting and reviewing personal targets. We will also be studying the topic 'Healthy Me' which includes making healthy food choices and the importance of exercise.
